(1) Share and Share Draft Dividends are calculated based on Simple Interest Method and paid monthly. Former Business Share Draft Accounts are the same as Simply Plus Checking. Dividend rates and APY are subject to change monthly without notice at the discretion of the Board of Directors.

\* APY or ANNUAL PERCENTAGE YIELD assumes dividends remain in the account until maturity. Withdrawals or fees reduce earnings.

Dividends are paid at the end of the period from current income and available earnings after required transfers to reserves.

All accounts must remain open through the end of the dividend period or the maturity date to be paid the accrued dividends.
